Dime Community Bank

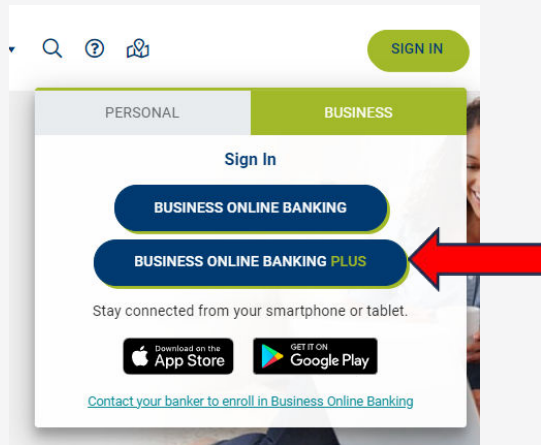

GETTING STARTED

IMPORTANT. To complete the installation of the Dime Secure Browser, administrator rights for the device are required. Please have an administrator present to assist with this installation. You will be unable to login to Business Online Banking or Business Online Banking PLUS until the secure browser is properly installed.

Please follow steps below.

1. Go to **dime.com**. Click **Sign-In**. Click **Business Online Banking PLUS**.

2. Click on **Click here to download Dime Secure Browser**.

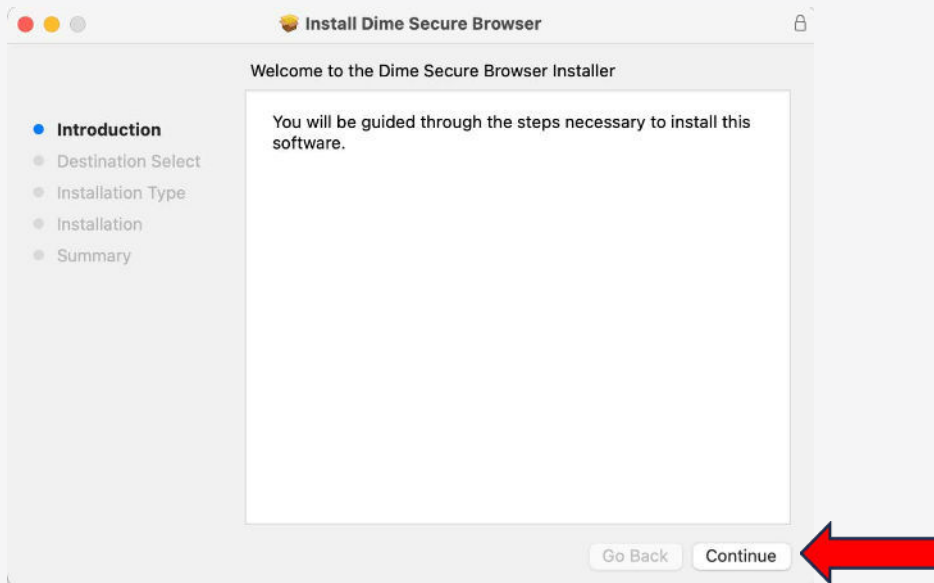

3. Click on the file in the top right-hand corner to start the installation.

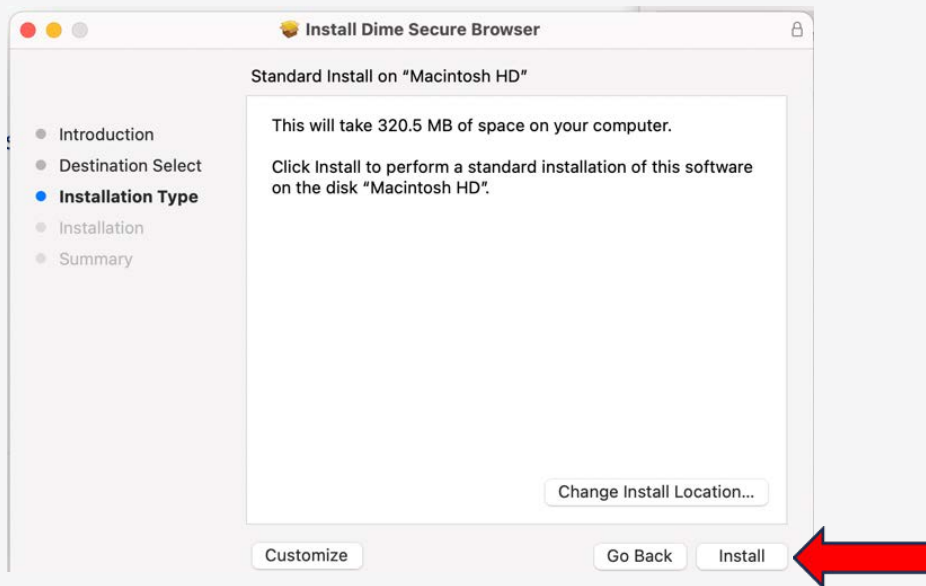

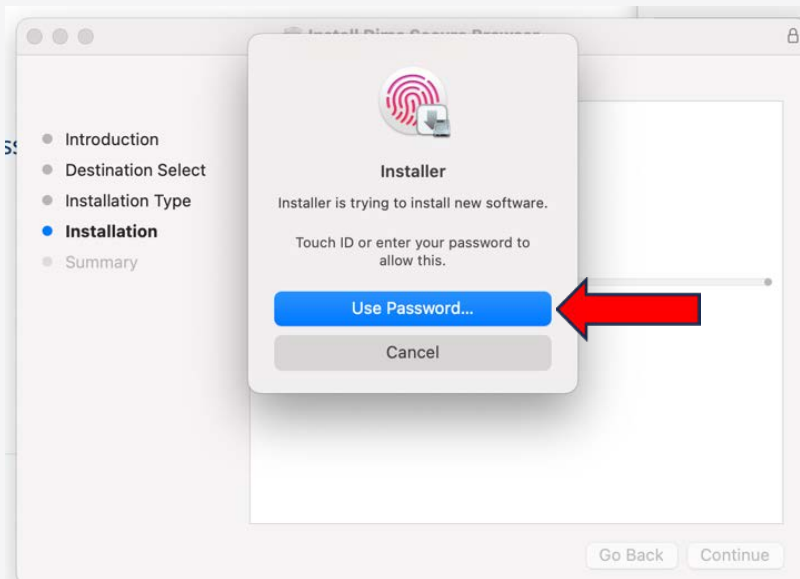

4. Click **Continue** in the Install Dime Secure Browser window.

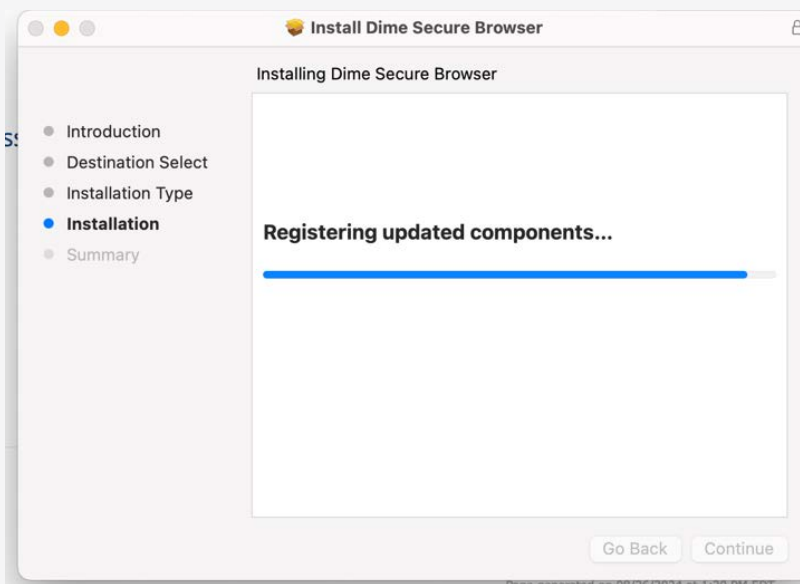

5. Click **Install** in the Standard Install on "Macintosh HD" window.

6. The system will now prompt for an administrative password. If the user is not an administrator on the Mac, the install will fail.

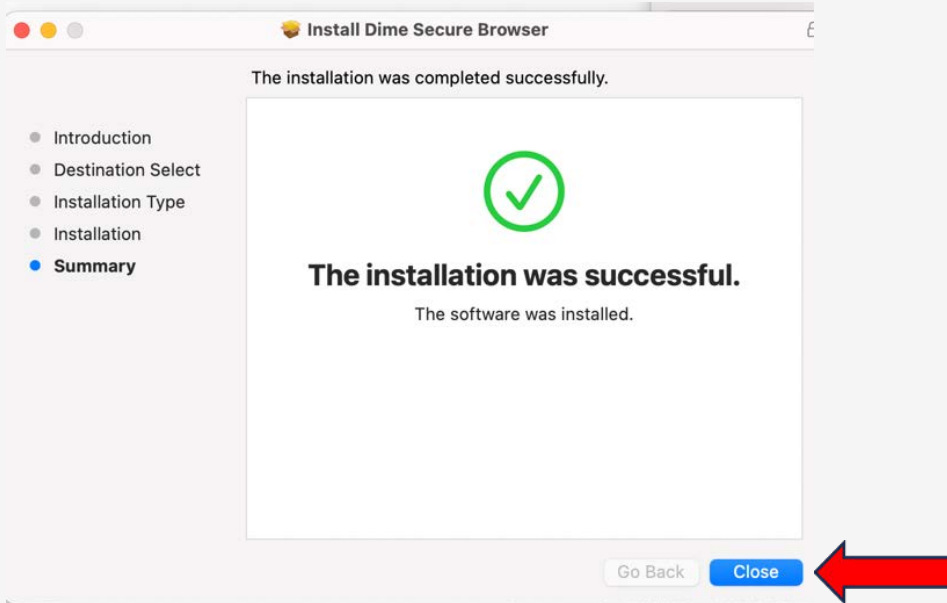

7. The system will continue to install the components of Dime Secure Browser.

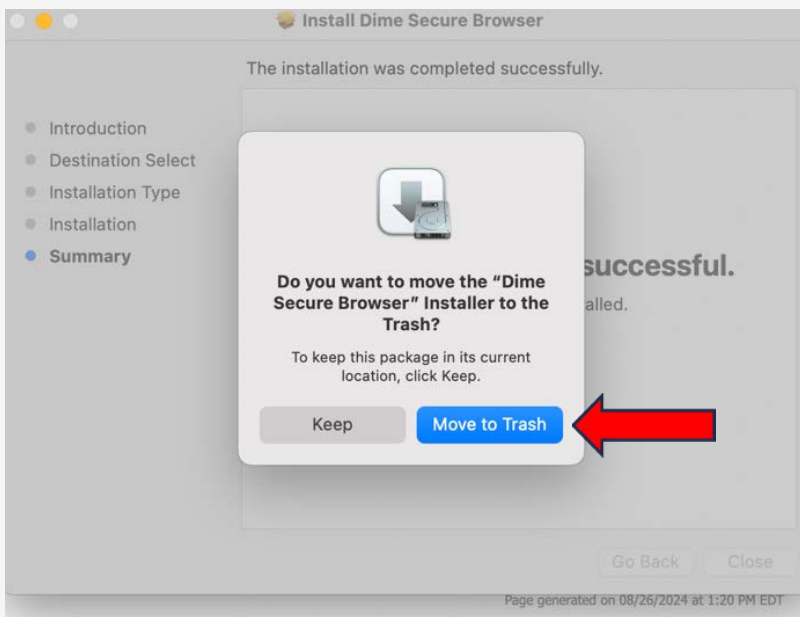

8. The installation was completed successfully window will appear. Click **Close**.

9. Click **Move to Trash**.

10. Click on the **Dime Secure Browser** icon in the **Launchpad**.

11. The **upgrade is complete**. The new version will appear in the bottom right-hand corner.
